# Erosion and Sediment Control Products

## Silt Fence

- ❑ Wire-back reinforced silt fence
- ❑ Standard silt fence 3' x 100' with wood post
- ❑ Stock and custom products

## Triangular Silt Dikes

- ❑ Stream diversion
- ❑ Portable check dam
- ❑ Modular and reusable
- ❑ Lightweight and economical

## Floating Silt Curtains

- ❑ Sediment control barriers
- ❑ Modular and reusable
- ❑ High strength filtration fabrics
- ❑ Standard sizes
- ❑ Heavy-duty flotation system

## Soil Reinforcement & Drainage Products

- ❑ Geogrids & high strength fabrics
- ❑ Retaining walls & reinforced slopes
- ❑ Geotextiles
- ❑ Design services

## Sludge & Dewatering Tubes

- ❑ High strength sludge dewatering tubes
- ❑ Dredged material management
- ❑ Coastal, wetland and riverine structures
- ❑ Non-woven fabric dewatering bags

## Catch Basin Sediment Traps

- ❑ Catch-basin protection
- ❑ Reduce costly cleanup
- ❑ Heavy-duty lifting strap
- ❑ Relief slot for overflow

## Aqua Dam Water Control Structures

- ❑ Portable coffer dams
- ❑ Stream and river diversions
- ❑ Environmental silt control
- ❑ Flood control
- ❑ Silt control dam
- ❑ Emergency Response dikes

## Erosion Control Products

- ❑ Degradable straw and coconut erosion control blankets
- ❑ Permanent, high-velocity flow turf-reinforcement mats
- ❑ Coconut jute products
- ❑ Organic wetland products
- ❑ Geocell cellular confinement systems
