# EcoPlan™ Solutions

Erosion and Sediment Control Products

# Geosynthetics & Industrial Fabric Products from Layfield

## Silt & Dewatering Bags

Designed to filter water as it is pumped from a storage site, removing materials such as silt before it can damage streams, channels or storm drains

- Standard Sizes
  - 4' x 6'
  - 7.5' x 15'
  - 15' x 15'
- Filler Port
- Custom sizes and materials available
- The contents of the silt bag can be returned to the soil on your site, eliminating waste disposal costs

## Catch Basin Sediment Traps

CBSTs trap silt and particulate matter from runoff water preventing the fouling of the storm-water system and protecting downstream aquatic environments

- Standard sizes of 9" and 16"
- Custom sizes available
- High strength lifting straps

## Erosion and Sediment Control Products from Layfield

- Silt Fence
- Wire Back Silt Fence
- Catch Basin Sediment Traps
- Silt and Dewatering Bags
- Floating Silt Curtains
- Triangular Silt Dikes (check dams)
- Geotextiles; woven, non woven, Typar
- Erosion Control Blankets (ECBs)
- Turf Reinforcement Mats (TRMs)
- RPE II Tarps

## Silt Fences

- Contractor and DOT grades available
- Black Silt Fence
- SF-180 – 3' x 100' stakes 10' o.c.
- SF-180 – 3' x 100' stakes 6' o.c.
- Master fabric roll widths; 36", 42", 60"
- Master fabric roll lengths; 300' or 1000'

## Wireback Silt Fence

- SF-180 36" x 100' w/42" fabric
- SF-180 36" x 100' w/60" fabric

## Turbidity Curtains

- Type I, II, and III
- Lightweight floating silt curtain available
- Modular 50' lengths
- Custom sizes available
